Built Different

What sets Classgrid apart from every other ERP in India

13 Institution Structure Types

Engineering, School, Coaching, Junior College, Diploma, Autonomous, University, and more — all from one platform with dynamic hierarchy enforcement.

White-Label Branding

Every institution gets its own logo, theme colors, subdomain, and terminology mapping. Each campus login is instantly institution-branded.

AI-Powered Assessments

AI Viva Exams, AI Quiz Generation, AI Tutoring, and a RAG-backed Assistant. Not just an LMS — an intelligent learning engine.

Multi-Platform

Full-featured Web dashboard + Native Android app with biometric login, GPS attendance, and push notifications. iOS coming soon.

Enterprise Security

Role-Based Access Control, device fingerprinting, geofence validation, JWT tenant isolation, and new-device email OTP verification.

IN

Made for India

NAAC/NBA compliance, SGPA/CGPA engines, CET admission flows, Razorpay UPI payments, and terminology that Indian educators understand.
